Just suppose Federal Judges had to be appointed as often as county officers are elected.

Castro played the game of politics as it is played in his country and lost; so he has no kick coming.

As Capt. Hains can't prove an alibi he will put up the next most popular defense and plead insanity.

We do not suppose Adams will apply to Butler for the latter's endorsement of his application for a Federal office.

President Taft ought to have learned by this time that he will not save himself trouble by putting off that Judgeship matter.

Wouldn't it be tough on that Spencer man who gave up the $1,500 postmastership for the $300 mayoralty were he to fail to land the latter?

What Castro is most in need of just now is an airship. With one he could laugh at the efforts of the powers to keep him out of Venezuela.

Kermit Roosevelt won't enjoy that story about the rhinoceros making such a vicious attack on the man who was trying to take a snap-shot of him.

All the Durham Aldermen must live in the suburbs; there is kicking there about the improvement of the outlying streets to the neglect of those in the center of the town.

The Durham Herald says that if it did not run a whiskey advertisement once in a while those who criticise it for doing so might not know where to get it. How about the blind tigers?

Those labor leaders who opposed Taft's election were as warmly welcomed at the White House as were those who supported him. How different from what it would have been with Roosevelt.

"Roosevelt is his own Judas," says the Paris paper's correspondent whom the ex-President has just made a charter member of the French Ananias Club. What will the Ananias Club organizer have to say now?

COUR[illegible]TERM IS ENDED

Mistrial in Bu[illegible] Damage Suit After Delibera[illegible] by Jury Three Days.

JUDGMENT IN MONK CASE

Right Reserved to Sue City For Interest and Damage to Land—Cases on Motion Docket Argued. Alimony Allowed.

A mistrial in the Burriss damage suit against the City of Wilmington after three days' deliberation by the jury and the signing of a multitude of orders and judgments in cases on the motion docket of no general interest took up a greater portion of yesterday in the Superior Court, an adjournment for the term having been reached at 6 o'clock in the evening in time for Judge W. R. Allen to leave on the 7 o'clock train for his home at Goldsboro.

Few cases have been disposed of at this term, due to the fact that juries in the two most important actions were unable to reach a verdict, mistrials having resulted in the Burruss case yesterday after a trial lasting two days and a similar result having been the case in the Phares suit which consumed four days of the first week. The mistrial in the Burriss case was ordered shortly after 1 o'clock yesterday afternoon when Judge Allen expressed great regret that the jury was unable to get together. It is understood that at the outset the jury stood six to six as to the negligence of the city in leaving the hole in the sidewalk open into which it is alleged that the plaintiff fell, but later there was a change in the division, Messrs. S. O. Frink and H. B. Willson holding out for no damages at all until the end. When the jury ceased its deliberations, it is understood that the division was 10 to 2 on the question of damages, the majority being for small damages running all the way from $600 to $1,500. The issue of contributory negligence on the part of the plaintiff was never definitely agreed upon and there were other compromises between the jurors themselves that made it hard indeed for anyone to determine just how the twelve men would have stood on a final showdown, if it had ever been reached. This is the second mistrial in the case after two lengthy hearings in the Superior Court and it will probably come up again at the next term.

The jury was composed as follows: Messrs. S. O. Frink, H. B. Willson, T. K. Curtis, J. Irving Bear, J. L. Sutton, Otto Banck, J. C. Newton, B. H. Houston, W. A. Taylor, W. G. A. Otersen, A. Millinor and W. G. Womble. The attorneys in the case were City Attorney Marsden Bellamy, Jr., and ex-Judge E. K. Bryan, for the defendant city, and Hon. John D. Bellamy, Wm. J. Bellamy and Jos. W. Little, Esqs., for the plaintiff.

Court was engaged much of the forenoon session hearing argument on a motion in the case of the Hyman Supply Co., against the Clear Run Lumber Co., in which the Atlantic Blowpipe Co., of this city, sought a priority of claim from the receivers of the lumber corporation. Herbert McClammy, Esq., appeared as counsel for the Blowpipe Co., and Messrs. MacRae & MacRae and I. G. Wright, Esq., of Clinton, in opposition to the motion. The court allowed the Blowpipe Company to amend its petition so that the matter will come up later.

In a petition of R. P. Rankin and J. E. Brown against the Clear Run Lumber Co., the case was argued by the same attorneys, judgment being signed in favor of Rankin, the receiver to sell a certain locomotive and report to the court.

In the suit brought by Mrs. Ida H. Gooding against Furney J. Gooding, after considerable argument by Messrs. A. G. Ricaud, Herbert McClammy and Bellamy & Bellamy for the plaintiff, and Messrs. Stevens, Beasley & Weeks, for the defendant, an order was signed upon the allegations in the affidavit requiring defendant to pay $50 for the immediate needs and thereafter $75 per month to the plaintiff until the further orders of the court; also $300 in cash to the attorneys for the plaintiff in the action. The case is continued to final determination of the action after a trial by jury on the issues raised in the pleadings.

There was considerable argument during the afternoon by the attorneys over a misunderstanding of the terms of compromise in the rock quarry suit settled the afternoon previously. The controversy was over a draft brought in by ex-Judge E. K. Bryan, for the City of Wilmington, for $4,405 according to the compromise, but endorsed in full payment of all claims against the city by Mrs. Wright, whereas Messrs. Rountree & Carr, attorneys for Mrs. Wright, reserved the privilege of recovering from the city the interest on the money held up and damages for the alleged improper working of the quarry, this to be settled by suit or compromise with the City of Wilmington. The objectionable endorsement on the draft was later stricken out, leaving to Mrs. Wright those privileges stated. The other terms of the compromise were as stated in yesterday's paper.

In the case of Sloan against Hart involving possession of a store on Front street which plaintiffs had rented but could not get into possession of, partial new trial having been granted by the Supreme Court, plaintiff was allowed to file amended complaint on condition that they pay Superior Court costs and waive benefit of finding of the jury on the first issue at the first trial and to proceed as no finding had been made.

In case of M. L. Starkey against Elks' Club, judgment was signed according to compromise for $60.

The case of A. S. Robinson against J. A. Rowe and others was settled by compromise.

EVENTS ON GOLF GROUNDS

Finals of Easter Tournament—Handicap Match For Gentlemen—Clock Golf For Ladies—Course Was Splendid.

Being the occasion of the finals of the Easter tournament, an 18-hole men's handicap match for gentlemen and a clock match for ladies, yesterday, with its ideal weather conditions, attracted an unusually large gathering of the devotees of the sport to the Cape Fear Country Club grounds and the affair was possibly the most enjoyable club event in the history of the organization.

The course was in splendid condition and in each of the events there were a large number of entrants. More than a hundred ladies and gentlemen were on the links during the afternoon including a party of distinguished society men from the North, who are guests of Mr. Pembroke Jones at Airlie-on-the-Sound. The tennis courts were also in use during the afternoon and the ladies served a most delightful tea in the club house. The various matches were close and exciting and the prizes were formally awarded at the close of the day.

The finals of the Easter tournament proved Mr. W. A. Townes winner of the first prize; Mr. E. R. Carpender, of New Jersey, second, and Maj. E. W. VanC. Lucas, third. The ladies who won first, second and third prizes, respectively, were Mrs. Chas. N. Evans, Mrs. Chas. Grainger and Miss Alice Boatwright.

The mens' handicap match over 18 holes, for which the prize was a very handsome silver loving cup offered by Mr. Allan Mills, of New York, a guest of the club, was won by Mr. Chas. E. Taylor, Jr.

There were more than 20 entries for a very interesting clock golf match for those who did not participate in the others, this having been won by Miss Christine Stevenson.

Local golf circles will be interested to know that in the first annual mid-April tournament at Pinehurst yesterday Mr. Geo. W. Watts, of Durham, won the Governor's cup from H. N. Wallace, of Halifax.

LATE MR. C. H. KING.

Remains Will be Brought Here For Interment—Confederate Veterans.

A further telegram received yesterday from Ridgefield Park, N. J., states that the remains of the late Mr. Chas. H. King, whose sad death occurred Friday afternoon at the home of his son, Mr. Anson W. King, will be brought here for interment, the exact time of arrival and announcement of funeral to be given later. Mr. C. H. Robinson, his relative and associate in business for many years, is at Leechville, Hyde county, N. C., but hopes to get here in time for the services. Commander Metts, of Cape Fear Camp, Confederate Veterans of which Mr. King was a valued member, has asked the comrades of the camp to hold themselves in readiness to attend the obsequies in a body.

ADVENT UNION MEETING.

In Session Here Yesterday—Notable Services to be Held Today.

The union meeting of the Advent Christian Church of Eastern North Carolina has been in session here since yesterday morning, Elder G. W. Shepard, of Myrtle Grove, presiding and a large number of visitors from the various churches in attendance. The sessions are being held with the Sixth Street Church and notable services of a devotional nature will be observed today, following a strong sermon by Elder B. R. King last evening.

Elder J. P. King will preach at 11 A. M. today, Elder C. T. Gren at 3 P. M. and Elder G. W. Shepard at 8 P. M. The public is cordially invited.

MOVEMENT OF TRUCK

Fifteen Solid Car Loads of Lettuce Shipped From Wilmington Section Yesterday.

THE STRAWBERRY CROP

Shipments Heavy From Chadbourn Section and Prices Good—Indications For Long Season. Cabbage and Beets.

A new high record in volume of lettuce shipments from the East Wilmington, Sound and and Wrightsboro sections of this county was established yesterday when 15 solid refrigerator cars of approximately 400 packages each were forwarded to Northern markets. Thirteen of the cars went forward yesterday morning and two other cars were loaded by Mr. Geo. W. Trask and others for the evening trains.

This large shipment was from cutting of the outdoor crop on Friday and yesterday and the consignment goes to several Northern markets reaching there Monday morning. The lettuce was of very fine quality, well packed and with any sort of delivery should bring from $1.50 to $2.00 per basket. When it is known that the value of the one day's shipment is between $7,500 and $10,000, some idea may be gained of the importance of the vegetable industry to this immediate section. It is expected that the same growers will load from five to six cars from Monday's cutting for shipment on Tuesday. This week the local truckers will begin shipping cabbage and beets, which have been brought forward wonderfully by the rains of early last week.

While the vegetable growers are in the midest of a busy season, there is none the less activity in the strawberry belt and shipments are already reaching old-time volume. Seven cars were forwarded from the Chadbourn section yesterday and ten other cars were loaded for movement last night with the indications for 20 or 30 cars on Monday. Thus far the movement from the W. & W. and A. & Y. roads has been largely by express but they will begin car load shipments this week. Those well informed of the situation say that the shipping season this year will be much longer than usual and the prospects for a profitable crop was never brighter. The market has opened up well, 30 cents per quart being an average for select fruit, while sales are being made by growers on the platforms at their stations at from $4 to $4.50 per crate of 32 quarts.

MR. L. B. PENNINGTON.

Passed Away Early Yesterday Morning After Lingering Illness.

Friends received with infinite sorrow yesterday morning the news of the death of Mr. Lewis Bryant Pennington, which occurred at an early hour at The Orton, where he had made his home the past several years with his daughter, Mrs. Jos. H. Hinton. Mr. Pennington had been an invalid for a long time and while the death was not unexpected, it came as a sad blow to family and friends. Mr. Pennington was in the 50th year of his age and is survived by his wife to whom he was tenderly devoted; one brother, Mr. Edward Pennington, of Tarboro, and two children, Mr. Will Pennington, of Tarboro, and Mrs. Hinton, of Wilmington. They all have the sincerest sympathy of many friends in the sorrow which has come to them.

The funeral was conducted at 4:30 o'clock yesterday afternoon from The Orton by Rev. T. A. Smoot, pastor of Grace M. E. Church, of which deceased was a consistent member, and the interment was in Oakdale, the pallbearers having been: Honorary, Col. John D. Taylor, Geo. Rountree, Esq., Mr. C. W. Yates and Dr. T. S. Burbank; Active, Messrs. H. F. Wilder, C. C. Brown, H. L. Fennell, J. C. Springer, B. G. Empie and C. W. Polvogt.

George Davis Monument.

The members of the Cape Fear Chapter of the United Daughters of the Confederacy are about to realize their long cherished desire to perpetuate the memory of one of the foremost men of the Confederacy and beloved of the Cape Fear, George Davis.

The sweet remembrance of this pure minded patriot, statesman, jurist, still blossoms in the hearts of those who knew and loved him; but the generations of his contemporaries are passing away, and it behooves us who desire to uphold the honor of his native land, to aid the worthy cause of these devoted Daughters, by substantial recognition and cordial co-operation.

They have signed a contract with the eminent sculptor, Mr. F. H. Packer, of New York, the author of the Worth Bagley Monument, for a portrait bronze statue of Mr. Davis, to cost $5,000, which they hope to place within a year at the main entrance of the City Hall, the scene of his great orations.

Several hundred dollars are still lacking, and the Cape Fear Chapter U. D. C. will receive most gratefully any sums, large or small, to be devoted to this purpose. Such subscriptions may be sent to Mrs. W. M. Parsley, president, or to Mrs. Jennie DeRosset, chairman of the Monument Committee. No further personal appeals for money will be made.

AFFAIRS IN LUMBERTON

Town Primary on April 28th—Building Notes—Church Entertainment—Fortune For Robeson Heirs—Notes.

(Special Star Correspondence.)

Lumberton, April 17.—Wednesday, April 28th, is the day which has been appointed for holding the town primary for the purpose of selecting a Mayor and Board of Town Commissioners, who will be voted for on the first Monday in May.

Mayor John A. Rowland is a candidate for re-election and we suppose will have no opposition. Seems to us the town would make no mistake by re-electing the present board of commissioners, if they will serve. Many do not believe they could be improved upon. We can see no benefit to anyone in making any changes at all in the town government. Every one connected with it in any way seems to be the man for the place. The town can get no more faithful servants than it has and we hope no changes will be made.

Arrangements are being made to move the Methodist parsonage back some distance from its present site in order to make room on the corner for the new church.

We understand that Mr. A. E. White will in the near future erect an elegant dwelling on the site which is at present occupied by his residence. The present building will be moved back some distance to make room for the new one, the work of removal to begin in a few days.

Mrs. W. B. Cooper, of Wilmington, has been spending a few days in this section, visiting at the home of Mr. Gregory Lennon, of Bellamy, and Mrs. Sue Lennon, of Lumberton.

Frances, the little doughter of Mr. and Mrs. F. J. Thomas, and Evelyn, two-year-old daughter of Mr. and Mrs. Julian Pope, have both been sick for several days, causing much anxiety to friends and loved ones.

The jewelry store of Mr. H. B. Humphrey is reported to have been robbed Wednesday night, entrance having been effected by use of duplicate key. No estimate of loss has been given.

Charles Dillard, colored, who has for several years conducted a barber shop in Lumberton, has closed his shop and taken a place with Leak Brothers, the Front street barbers.——The old shed on the Court House Square has been torn away, which adds much to the appearance of the square.——Beer, not near beer, but the real thing, can be seen traveling through these parts in lots of three bottles and upward. Best time is between supper and breakfast.——Mr. Henry Jones, who has held a position with the Bank of Lumberton for the past two years, has resigned. He has not yet decided what he will do.

The entertainment given by the ladies of the Presbyterian church at the opera house Tuesday evening was quite a success. The attendance was not as large as it would have been if it had been properly advertised. Miss Flora Neal McMillan, under whose supervision the play was put on, deserves much credit for the success achieved. While everyone who took part did their part faultlessly, Miss Juette Baker was declared the star player.

Mr. Albert Boylin, who has for some time been assisting Mr. Thomas in the express office, has taken a run as messenger between Wilmington and Charlotte.

Mr. Wilson, generally known as the "umbrella man", probably 45 years of age, died suddenly yesterday afternoon at his home about a mile from town. He leaves a wife.——Mr. R. McA. Nixon returned last night from Gaffney, S. C., where he was called the first of the week on account of the sickness of a sister who is attending school there.

The gentleman who likes to keep posted on the events of the day without supbscribing for a newspaper seems to have grown weary of waiting on some of his neighbors for their papers and now trys to use every phone he can get to. When a representative of the telephone exchange was sent to him by a neighbor to try to influence him to have a phone put in his office, he said it was no use, he could step next door when he needed a phone. What if he was a telegraph operator?

An advertisement which appeared in the local paper this week asking for information of the relatives of Mrs. Sarah R. Neville, of Winona, Minn., has created considerable interest here, she having been a native of this county. She is thought to have been a sister of ex-Sheriff Reuben King, who was killed by the outlaws in this county about 40 years ago and an aunt of Mrs. John Redmond, of Lumberton. Mrs. Neville died leaving an estate, the heirs of which are trying to be located.

License was issued Thursday evening for the marriage of Mr. D. S. Strain, of Chapel Hill and Miss Cleo C. Purvis, of this county.

The management as well as the patrons of the moving picture show regret that the films could not be supplied for the exhibition of the Damon and Pythias pictures Thursday and last night. It is hoped to secure them in a few days.

SEEK TO PROVE ALIBI

Testimony in Russ Murder Trial Completed at Whiteville Late Last Night.

RECESS UNTIL MONDAY

Prisoner's Whereabouts Accounted For All But an Hour Night of Killing—Argument to Jury Begins on Monday.

(Special Star Telegram.)

Whiteville, N. C., April 17.—The sensational Russ murder trial in progress here during the past two days came to a close so far as the testimony is concerned at 11 o'clock tonight, when Judge Adams presiding, ordered a recess until Monday morning. The last witness on the stand was the aged mother of the young man, seeking in every way possible to bind in a chain of testimony an alibi for her son. The case will get to the jury Monday afternoon and a verdict may not be reached before Tuesday, the second week of the present term of Columbus Superior Court.

The State rested its case at 3:45 o'clock this afternoon after proving threats made by Russ against Bigford's life Sunday before the tragedy. This afternoon the defense have been weaving for their client a strong chain of evidence to prove an alibi for the prisoner and have all but done so with the exception of an hour the defendant was away from home after supper. His attorneys say it was impossible for him in that length of time to have gone to Bigford's dwelling, crossing the river and returning home. The State on the other hand developed on cross-examination of witnesses for the defense that the time might have been a little longer.

Russ, the prisoner, was on the stand an hour and a half and was very calm and kept his nerve under rigid cross-examination. He said that it might have been an hour and a half or two hours that he was away from home; that he had an appointment with his brother, McClammy Russ, living a short distance away, and he went to his house after supper but not finding him at home, sat down on the steps and waited for him until he finally gave him out and returned home. The defense in this connection introduced testimony to show that the defendant would have had to cover eight miles in going to Bigford's home, that the roads were bad and such a feat would have been a physical impossibility.

Mrs. Russ, mother of the prisoner, was on the stand nearly an hour and was shown every consideration by the attorneys, though the ordeal was a trying one for her. With her testimony, the defense closed after introducing a number of character witnesses.

The attorneys in the case Messrs. Lyon & Greer, D. J. Lewis, of Whiteville, and Kenan & Herring, of Wilmington, are making a hard fight for the prisoner. The evidence in the case is being taken in shorthand by Mr. Meares Harris, an expert from Wilmington.

WERE MARRIED HERE.

Mr. G. M. Buckley, of Philadelphia, and Miss Zeigler, of Blackwell.

A quiet marriage was solemnized at the St. Andrew's Presbyterian manse yesterday afternoon at 3:15 o'clock, the principals being Mr. G. M. Buckley, of Philadelphia, and Miss Georgia Zeigler, of Blackwell, S. C. Rev. A. D. McClure, D. D., was the officiating minister.

Mr. Buckley came here from Newbern, where he now resides, and his bride, Miss Ziegler, came here from Florida, where she had been spending some time. It was not a runaway affair, but only the desire of the couple to meet here and wed. Bride and groom are guests at the Colonial Inn, where they will spend today and will leave tomorrow for Newbern, where they will make their home.

Forester's Entertainment.

The choir of the Christian Church has kindly volunteered to render music at the Forester's entertainment to be given on the evening of April 26th. Mrs. J. A. Erwin, wife of the pastor, will be in charge and Miss Nina Andrews will be the pianist. The committee has about completed all arrangements and everybody will enjoy a pleasant evening. Supreme Deputy M. Bachrach, of the Foresters, left on the early morning train yesterday to visit the Whiteville Court and returned on the late train last night. A number of candidates of the Whiteville Court were initiated and other interesting exercises were observed there.

Services at Seamen's Bethel.

The Star is requested to announce that services will be conducted every Sunday night at 8 o'clock until further notice at the Seamen's Bethel by A. J. Willis, known as the "Seamen's skypilot." The lectures will be illustrated and all seamen and friends of seamen in port are cordially invited.

WILLIAM H. BERNARD
Owner and Editor.

WILMINGTON, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under the Act of Congress of March 3, 1879.

Sunday, April 18, 1909.

WILMINGTON.

Under the heading, "Wilmington's Merchants and Business Men," last week's Eastern Carolina News, of Kenansville, contained an editorial on our city, her business and her business men which we here reproduce with great pleasure:

"We have observed for some time the spirit of pride and progress manifested by the merchants of Wilmington and that city's business men Their large and attractive advertisements have their own stories to tell. From the Chamber of Commerce all the way down the line, the old seaport town of North Carolina is taking on new life and energy. Men with new ideas have come along and young blood has put things tingling on all sides.

"The trucking section adjacent to the city is building up with the town, and the good roads of New Hanover are playing an important part in the steady march of progress. The time has come when the office seeks the man in Wilmington, which is a strong evidence that 'the people rule.' The new enterprises established there give employment to the laboring class, and this will always build up any town. With capital and labor there should never be a wide gulf fixed, but they should always march side by side. Wilmington owns the only cotton compress company in the State, and with its proposed thirty-foot channel to the sea, there will be a great export and import trade going on there. The time is not far distant when this will be a certainty.

"North Carolinians are hopeful of our port, and through loyalty manifested by all the people of the State, we shall soon see the whole State helped thereby. Great things can only be accomplished by much thinking and hard, conservative work. The press of the State and our representatives and our business men can guild up a port at Wilmington that will compare with any Southern State. Already the business done in Wilmington has astonished prominent men from the North and other sections of the country. The eyes of the business world are turning thither as they are to other good sections of the South. The South is in the saddle to stay.

"It will remain under protecting wings of a good Democratic form of government, with the efforts of the Republican party to the contrary notwithstanding. Wilmington will always be found as a bedrock of Democracy, for her prosperity only began after that vile and corrupt reign of bad government officials had been overthrown."

To know that our city and her people are held in such esteem by our friends in other sections of the State should be an incentive to greater exertions to make the good old town what she is expected to be; it should give our people renewed energy for the work of pushing her forward and greater determination to succeed in the undertaking to make her the chief seaport of the South Atlantic and the market for the people of a large territory of the two Carolinas. Much is expected of the business men of our city in the way of progress in business, not only of the city, but of that of the territory from which much of that business is drawn. They must see to it that there is no disappointment on the part of those who are looking forward to such great things our business men are expected to accomplish for the city and the State. We feel sure Wilmington will not disappoint them. She cannot afford to do so.

PECULIAR PROHIBITION CASES.

Some funny cases come before the courts growing out of violations of the Prohibition law. Our readers know of the Raleigh case in which a party was convicted of obtaining money under false pretense because he sold a man a bottle of water for whiskey. Now Durham comes to the front with a case of alleged embezzlement with somewhat similar circumstances. There the defendant was given twenty-five cents to buy liquor for the prosecutrix and he either appropriated the money to his own use or drank the liquor after purchasing it. The State's representative wished to dismiss the case holding that the money was to go for illegal purposes and that if put into such channels it had no legal existence, and without such protection there was no crime in its misappropriation. The Recorder thought there was an "element of embezzlement" in the case so he fined the defendant ten dollars, while censuring the woman for her part in the transaction.

Ex-Senator Hopkins, of Illinois, the primary nominee for re-election, says he will get the Senatorship or no one else shall have it. In the meantime this State is short one representative in the upper house of Congress.

HOTEL DISASTERS.

There seems to be an epidemic of hotel casualties just now within the last few days four have suffered disaster. Three have been burned and part of another collapsed. The surprise is that there was not greater loss of life in these disasters. In only one, so far, has the loss of life resulted—in the burning of the hotel in San Francisco as reported in yesterday's dispatches. While the escape of guests in the hotels at Asheville and Chase City is a matter for rejoicing, still the destruction of these two hotels is a matter to be greatly deplored. Besides the loss entailed upon the owners the additional loss to the communities in which they were situated will be great. They were both popular resorts and each season were filled with people from other sections of the country. It is hoped that Kenilworth Inn will be rebuilt; for if it is not it will be greatly missed by the many people who have been in the habit of spending the summers there.

Senator Tillman, when he left Washington in March, promised that he would be on hand to take part in the tariff discussion when the bill reached the Senate. He has gone to the Capital and will be in his seat tomorrow when Senator Aldrich opens the debate with a set speech in explanation of the provisions of his bill. We suppose the South Carolina Senator will advocate tariff for revenue only as a political proposition, but will make exceptions of rice, long staple cotton and any other articles in which his constituents are pecuniarily interested, in line with his attitude on the tariff question declared several years ago when he said that if stealing was to be done he wanted his people to have their share.

We are sorry to see that the Duplin Journal has sold out and that its publication will cease. It will be missed in the territory which it has served so faithfully. The Eastern Carolina News, of Kenansville, has purchased the subscription list and the good will of that paper and its paper will be sent to the subscribers of the latter. It will also carry out the other's advertising contracts. This will greatly increase the patronage of the News and thereby enable it to give its readers a better paper than before. We are sorry that this consolidation means that Editor Shaw will give up newspaper work and go to other work. We wish him success in his new undertaking.

It is now said that the one thing needed to secure the Judgeship for Thomas Settle is for the Republicans of the State to unite on him. If that be so—though we do not believe it is—Settle may get the appointment; for while some Republicans hate him "wusn pisen" they would prefer having him made Judge to seeing the office go to any Democrat. His appointment would be a bitter pill to them, but that of a Democrat would be more bitter.

Patten is making the people pay high for bread in order that he may put money in his pockets. The Republican party is doing the same thing through the tariff in regard to other necessaries of life for the benefit of a few men. Why should one be denounced more than the other?

Judge Landis, who imposed a fine of $29,000,000 on the Standard Oil Company, has just imposed a penalty of one cent on a man for making a false affidavit. He feels confident that no appellate court can reduce the judgment in the latter case.

Wilmingtonians can look with calm indifference on the political contests now going on in the other towns in the State. Their excitement ended with the primary which settled the dispute between the contending parties.

Why don't the managers of Charlotte's May 20th celebration induce the President to give it out that he will give a hearing to the Judgeship candidates and their supporters while in that city? What a crowd would be there!

The contest between impenetrable armor plate and irresistible projectiles has made another advance in favor of the latter. A Frenchman claims he has invented a shell that cannot be stopped by any known substance.

CURRENT COMMENT.

—There is nothing in proposed tariff revision to disturb the ghost of Dingley. But how will President Taft be enabled to arrange a truce with his conscience in case the abominable woolen schedule shall be shoved for indorsement unrevised under his executive nose?—Philadelphia Record.

—Efforts are being made to have Governor Kitchin pardon Dewey, the man who stole a Newbern bank. Dewey will doubtless be pardoned soon. All the ham rogues and chicken thieves should be turned loose with him. It is high time to quit honoring bank thieves and leaving the poor rogues to serve out their sentences in disgrace.—Rockingham Anglo-Saxon.

—Editor Roosevelt may have caused a suit for demages against the Outlook almost at the first dash. The Socialists are offended at an article reflecting upon members of their party, and are discussing the advisability of suing the paper. The strenuous ex-President will learn that the same immunity extended to the chief executive in talking does not hedge about the editor.—Savannah News.

—Orders have been issued for the government music and the government troopers to be in Charlotte May 17, so as to be in plenty of time to play their part in the 20th celebration. In this, the government has set a standard of punctuality and Charlotte will not be behind it. All the committees are working to the end that the celebration will be in readiness from the word go. In the approaching May festivities, Charlotte is going to surprise the country in the way of its preparedness.—Charlotte Observer.

—"News comes from Washington," says the Raleigh Times, "that President Taft has about decided not to settle the judgeship matter until after his visit to Charlotte, May 20th. This will prolong the agony, but it will also tend to increase the size of the crowd at the Charlotte celebration. The anxious ones will all be there, and their number is so great that the Queen City should take some special steps to make sure of giving them suitable accommodation." Mr. Taft's scheme for swelling the crowd here is a good one. Charlotte will see to it that accommodations are provided for all comers.—Charlotte Chronicle.

—Mr. Taft has not been so spectacularly in the limelight, since he became President, as his predecessor was, but there has been far more sanity and sense in his yet brief administration than there was in the whole seven and half years of Roosevelt's service. There is every indication that he will administer his great office with fairness and impartiality to all the sections, and that under him the South will cease to be the Poland of the Union. If that most devoutly to be wished for consummation is not achieved we shall be greatly disappointed, and we shall not believe it to be the fault of Mr. Taft, except upon the most convincing evdience.—Index-Appeal.

—Although it seems somewhat ludicrous to talk about the relative strength of the various powers in airships, many sensible people in all countries are now engaged in just such discussions and comparisons. Even in the United States the importance of the airship in future wars is being discussed and some military men, as well as civilians, seriously demanded of the last session of Congress that special appropriations be made to construct a number of dirigible balloons and aeroplanes for the use of both Army and Navy. Our British friends who have recently been going almost into hysterics over the evidences of Germany's growing naval strength, are beginning also to worry over the indications that the same Power is doing much more in the way of developing flying machines capabable of carrying a number of persons than Great Britain is doing. As a matter of fact the British military service have accomplished but little in aeronautics, only a single military dirigible balloon having been put in serivce to date.—New Orleans Picayune.

—"They say Flubdub's youngest boy is quite a prodigy." "Yes, he can name all the Vice Presidents of the United States."—Puck.

—Cholly—The dentist told me I had a large cavity that needed filling. Ethel—Did he recommend any special course of study?—London Public Opinion.

—Henpecke—Every man has something to be thankful for. Wigwag—What have you to be thankful for? Henpecke—That I'm not a Mormon.—Philadelphia Record.

—"You are charged with larceny. Are you guilty or not guilty?" "Not guilty, Judge. I thought I was, but I've been talkin' to my lawyer, an' he's convinced me that I ain't."—Chicago Tribune.

—"I see that that old fellow who was always complaining that life was not worth living is a cripple; how did that happen?" "He broke his leg getting out of the way of a freight train."—Houston Post.

—"Do you think that most people nowadays worship money?" "No, I won't go as far as that," answered the home-grown philosopher, "but I will say that the love of money is seldom platonic."—Philadelphia Ledger.

—The minister had just been giving the class a lesson on the Prodigal Son. At the finish, to test what attention had been paid to his preaching, he asked: "Who was sorry that the prodigal had returned?" The most forward youngster in the class breathlessly answered: "The fatted calf."—Home Herald.

THE GUINEA PIG PROVED IT

That dandruff, itching scalp and falling hair, are caused by a germ or parasite is now recognized by dermatologists everywhere.

A notable demonstration was by Drs. Lassar and Bishop, who took dandruff scales from the head of a student who was losing his hair and having made a pomade of them with vaseline, rubbed the same upon a guinea-pig, and the pig become bald. (See Geo. Thomas Jackson, M. D., on diseases of skin, 4th edition).

Newbro's Herpicide kills the germ that causes dandruff, itching scalp and falling hair. Keep your scalp in a sanitary condition with Herpicide and extraordinary results will follow. Stops itching of the scalp almost instantly. Try it.

Send 10 cents in stamps to The Herpicide Company, Dept. 15, Detroit, Mich., for sample and booklet.

One dollar bottles guaranteed. At Drug Stores. When you call for Herpicide, do not accept a substitute.

KEEP A SPECIALIST ALWAYS IN YOUR HOME.

It can be done at a small cost if you happen to need the services of a specialist in diseases for which the following remedies are prescribed. With the exception of Elliott's Emulsified Oil Liniment, every one of them is Compounded from Prescriptions of some of the best Specialists in the United States.

Each remedy is Compounded Scientifically from the Purest and Highest Grade of Ingredients Manufactured and guaranteed to benefit the sufferer or money will be returned.

Rydale's
Stomach Tablets
for indigestion and dyspepsia, are compounded from the prescription of a man who has made a life-long study of the digestive organs. They are not a purely artificial digestant that relieves only temporarily, but are a combination of the best drugs known for their tonic effect upon the stomach and digestive organs. They stimulate the stomach to do its own work.
Two sizes, 25c and 50c.

Rydale's
Liver Tablets
are made from the prescription of a professor in an Ohio medical college and are especially recommended where there is a catarrhal condition of the stomach, bile, ducts or bowels. They are the pleasantest liver medicine on earth to be as effective and powerful as they are. For biliousness and torpid liver they are without an equal. 50 chocolate coated tablets in a metal box, 25c.

Rydale's
TONIC
is the acme of perfection in medicine as a nerve and blood tonic. In combination with other very valuable medicinal agents it contains iron, quinine and strychnine, and nothing has ever been discovered yet that would tone and build up a run-down system quicker or better than this combination of remedies. For old people and weak, puny children or anyone with a run-down system it is far superior to all other tonics. Guaranteed to cure malaria.
Two sizes, 50c and $1.00.

Rydale's
Cough Elixir
The prescription for Rydale's Cough Elixir was secured in western North Carolina near Asheville, where so many persons with lung trouble go. It will not and can not cure consumption, but for coughs, colds and bronchial troubles it never fails to benefit or cure. If it does not you get your money back.
Two sizes, 25c and 50c.

Elliott's
Emulsified Oil Liniment
is not a prescription of a specialist, but an emulsion of kerosene oil, spirits turpentine, origanum, ether and ammonia. By a machinery process the oil globules are broken up into minute particles and rendered very penetrating, being quickly absorbed. It is as fine a formula for man or beast as medicine can produce. Every bottle sold on a guarantee. It is put up in half-pint bottles (yellow package), 25c.

Barney's
COMPOUND
is another preparation for stomach troubles. It is impossible for one remedy to cure all forms of dyspepsia, for the reason that some people have too much acid in their stomachs, while others do not have enough. It is a physical impossibility for the same remedy to relieve both of those conditions.
Barney's Compound is especially recommended where there is an excess of acid, and where catarrhal conditions exist. For that soreness of the stomach it never fails to relieve.
Two sizes, 50c and $1.00.

EVERY ONE OF THE ABOVE REMEDIES CONFORM TO THE REQUIREMENTS OF THE PURE FOOD AND DRUG LAW
And are Manufactured and Labeled Under Serial Number 2119 Issued to the Manufacturers by the Dept. of Chemistry of the United States.

If you are sick and do not know what your trouble is go to a good doctor at once. If, however, you know your trouble to be one for which the above remedies are recommended, give the remedy a trial. You will get the best that medicine can produce, and your money back in case you receive no benefit from it's use.

REMEMBER: **These Remedies Are Not For Incurable Diseases; but that all Dealers are Authorized to Refund Your Money if You Receive No Benefit after taking any of them according to directions for troubles for which they are recommended.**

By Rail and Water

Plans are being materialized and a company is being organized to build a new railroad which will put the Durham & Charlotte Railroad in direct connection with the Seaboard Air Line and the Atlantic Coast Line Railways at Sanford, N. C.

New Haven, Conn., April 17.—It is given out on high authority that the salaries of the New Haven Railroad employes, which were cut 5 and 10 per cent. a year ago, would be restored in May. Salaries between $1,000 and $2,000 were cut 5 per cent. and those above $2,000, 10 per cent. President Mellen's salary was cut $2,000.

Salisbury, N. C., April 17.—Plans are under way to build a railroad from Winston-Salem via Spencer, Salisbury, Concord and Mt. Pleasant to Monroe, on the Seaboard Air Line, 115 miles. This plan, it is said, has nothing to do with the proposed Winston-Salem Southbound Railroad. Application for a charter was made to the Legislature. Col. G. E. Webb of Winston-Salem and others of Salisbury are reported interested.

Laurinburg, April 15.—After all the Laurinburg & Southern Railroad will not be built to Gibson. After the surveys were made it was found that the road could be built to Johns station with much less cost. So that point will be the point of connection with the Atlantic Coast Line. The surveys are complete and work will be begun this week. The road is having a survey made from Laurinburg to Wagram in the northeastern part of the county, with a view to extending it to that point. Should this be done it will open up one of the finest farming sections of the State.

Rocky Mount, N. C., April 10.—Thursday broke all records at the Atlantic Coast Line shops at South Rocky Mount, and while it was merely a happen so five engines were turned out from the shop in one day. This is the greatest number that has ever been turned out within a single day, working on either the eight or ten hour day. One of the engines turned out was one of the big new engines purchased about two years ago, and that has been standing on the siding at Rocky Mount for the past eighteen months on account of the business depression. The engine was of the switch engine type and is for use on the yards at South Rocky Mount. The company is now getting its rolling stock into condition for the handling of truck for the coming season.

Tampa, Fla., April 15.—A party of high officials of the Harriman lines arrived here Saturday night on E. H. Harriman's yacht, the Sultana, from Havana and New Orleans. They are making a thorough inspection of Tampa as a terminal and its harbor facilities. The visit is regarded as having connection with reports that Harriman contemplates acquiring the Seaboard Air Line. In the party are Julius Schruttitt, director of maintenance and operation of the Union and Southern Pacifics, Samuel M. Felton, director of the Mexican Central; William Hood, of San Francisco, chief engineer of the Harriman lines, and C. W. Jungen, manager of the Southern Pacific steamship line. They declined to affirm or deny the rumor that Mr. Harriman will acquire the Seaboard and use the million-dollar docks just completed for a port of entry for the Southern Pacific Steamship Company.

Asheville, N. C., April 17.—The double tracking on the line of the Southern railway between Asheville and Craggy station which was abandoned temporarily about 18 months ago on account of the stringency in the money market will be resumed at once. The Southern Railway Company has already contracted with W. J. Oliver, of Knoxville, to resume the work. This contract includes also the completion of a large concrete trestle across the French Broad river and a steel bridge over Mill creek not far distant from here. The contract affords work for about 200 men and they will leave here this week. In addition to this contract Mr. Oliver has received the contract to complete the double track for the Southern Railway from Lynchburg to Dicmit, Va. This contract calls for four steam shovels and 500 men owing to the heavy grading. Both of these contracts have been sub-let. The Asheville work has been given over to J. C. Monday and Co., and L. C. Gunter, of Knoxville, will handle the Lynchburg contract.

Richmond Times-Dispatch: "Although no statement has been given out by the re-organization committee of the Seaboard Air Line Railroad, which has been holding a series of conferences in New York, reports yesterday strongly indicated that the receivership would end very shortly and that the road would be re-organized. The earnings of the system have in recent months risen to a figure at which they cover all the fixed charges, and the current earnings, it is reported, are even better than those shown in the report for February. There has been a marked increase in the volume of moving business, the settlement of the passenger rate litigation in Virginit having some effect, though small, in the study of earnings. With the road showing all of its fixed charges earned and a margin over, it is believed by those interested in the property that there will be no need of allowing the receivership to run much longer. Besides, the cost of operation under receivers is just that much more. Naturally interest turns to the question of who will be in control after the reorganization. There have been various theories, some of them wild, though the general idea is that under its new management the Seaboard will be conducted in the best interest of the section through which it runs. The company was affected by the poor business and the stringency of the money market, which forced proceedings in court for the protection of stock and bondholders. Since that time, however, conditions have shown great improvement, the receivers having used wise business judgment in conducting the operating and financial ends."

Chicago, April 15.—An advance abstract of statistics of American railways for the year ended June 30, 1908, as compiled by the Bureau of Railway News and Statistics, has been made public here. The report says: "Instead of a decrease of only $164,464,941 in gross earnings as the result of the temporary financial depression of 1907-08, as set forth in the preliminary income report of the inter-State commerce commission for the year ended June 30, 1909, the panic of 1907 resulted in a loss of over $330,000,000. This statement is based on a table giving the earnings for the twelve months ended November 30, 1908, when the full effect of the business depression became evident, with the preceding twelve. This avoids the error of including the fattest months in railway history in the same year with the lean months that followed it. In the same way the loss in net earnings is shown to have been $120,540,460, instead of $111,051,000, as given in the commission's statement. The 2-cent passenger fare legislation caused a loss of $250,000,000 in gross earnings, although more passengers were carried. This is accounted for by a reduction in average receipts per passenger mile on 94 per cent. of the mileage from 2.014 cents in 1907 to 1.932 in 1908.

The Home Science Department of Sorosis entertained the entire club Thursday afternoon at a social, the last of the season given in the Owl's Club rooms. The color scheme of red and white was beautifully carried out in the decorations with a profusion of roses. A delightful musical programme was presented. Mrs. F. W. Holden and Mrs. J. W. Yates delighted their audience with fine vocal selections; Mrs. W. A. French and Mrs. J. D. Edwards with a violin and piano duet, and Mrs. R. G. Grady with a piano solo. Mrs. Thomas P. Hammer, a guest, charmingly recited a humorous selection captivating her hearers. Mrs. W. H. Chadbourn read an article on a subject very near and dear to the hearts of the members of the Club, that of "Street Cleaning," this article dealing with the efforts made in Charlotte some time ago and the results obtained therefrom. Dainty refreshments prepared by the members of this department were served.

On Friday, the 16th instant, the third anniversary of the Girls Friendly Society was held at the Church of the Good Shepherd, the Rev. Thomas P. Noe officiating. Several candidates were accepted for admission. In his address, Mr. Noe spoke of the growth of the G. F. S., and mentioned the interesting fact that Queen Victoria was for many years an active member in this organization. After the service an informal reception was held in the hall. The room was tastefully decorated with long leaf pine, numerous candles, and also electric lights shining through the pine leaves, added to the artistic effect. The inner room was hung with Japanese lanterns and parasols, and refreshments were served by members of the G. F. S. who were prettily dressed in Japanese costumes. One of the most interesting features of the reception was the cutting of the birthday cake, after which Mr. Noe read a congratulatory telegram from Miss Packard, of Baltimore, Vice President of this jurisdiction.

TABLET PRESENTED AT UNION SCHOOL.

A very interesting exercise was held on the morning of the 13th of April at the Union School, when the Home Science Department of Sorosis met with the teachers and pupils, to present to the classes a tablet commemorating the establishment of Home Science as a study in the school. The members present were Mrs. Beery, now chairman of the Department, Mrs. George R. French, who was secretary, and Mrs. R. W. Hicks, who was chairman at the time of perfecting this feature at the Union.

Professor John Blair in a very appropriate and happy way introduced Mrs. Hicks who made the presentation of the tablet to the Cooking School in the following address:

"Meredith has written in his beautoful poem—

"'We may live without poetry, music and art:
We may live without conscience and live without heart,
We may live without friends, we may live without books,
But civilized man cannot live without cooks.'

"The sugestion in these lines is not advocated by me for no one in this audience lays greater stress upon education in all degrees than myself. I long to see the day when the youth of our land are better and more fully educated, not only on the physical and mental plane but the moral also, for the ultimate end of all education is character which is made not for time ony but for eternity. We must begin with physical man: The demand of our day is for industrial education The times call for men and women who can work with hand as well as brain. Appreciating this condition our Club some years back determined to ask and assist your school committee to add domestic science course to the curriculum of this school. We hope still to see it placed in every grammar school in this city. Surely every girl needs to know something of cooking not only as a pursuit but as a science. If she ever has it to do she will be thankful for her training here, and if she does not she needs the information no less in directing her home. When the historian would determine the degree of civilization attained by the human race at a given time, he looks at man's home and how he lives and passes judgment accordingly. 'Every branch of learning, whether art, science, or literature, culminates in the home. Surely woman's very highest calling, her God-given sphere is that of home-maker. As a home-maker there is need for the broadest education. To start this course, not to complete it was the Domestic Science put here for you, that you girls may learn to fill this post of honor well is the desire we feel and for this cause we were interested to the extent mentioned. This little tyle is to commemorate that fact and we hope your professor will have it hung in the room where your work is done and point to it with pride as we do to your most excellent attainment under her able instruction."

The teacher of Domestic Science, Miss Evans, gracefully received the tablet in behalf of her pupils in a few well timed words of thanks and encouragement.

The tyle is of white porcelain having a border of delf blue and the lettering is blue and inscription as follows:

"Wilmington, N. C., 13th May, 1902.
"Mrs. R. W. Hicks.
"Dear Madam: The School Committee of District No. 2 today entertained and accepted the proposition of the ladies composing the Home Science Department of Sorosis and pledged themselves to maintain the Industrial Department at the Union School. Your offer we accept with pleasure, amounting to gratitude. It gives us the opportunity of putting into practice what has long been needed. Very truly yours,
"C. W. WORTH,
"Sec. Sch. Com. District No. 2."

To the Home Science Department, North Carolina Sorosis. Mrs. Rufus W. Hicks, Chairman, Mrs. George R. French, Secretary.

After the presentation of the tablet, Miss Cook, principal of Union School, made a few interesting remarks and closed by saying she had been a cook all her life and she hoped this Department would turn out better ones than she had been. This called forth a storm of applause and the exercises closed.

—Concord Tribune: Believing that the citizens of Concord should get together and discuss what should be done regarding co-operation in a movement to build a railroad from Winston south to tap the Seaboard and Coast Line, Mr. W. C. Correll this morning spent half an hour or more in securing signatures from the business men asking that a mass meeting be held the night of the 22nd in the court house to discuss the matter.

THE SONG RECITAL.

Noted Artists at Elks' Temple Auditorium Thursday Evening.

In the song recital to be given at the Elks' Temple on next Thursday evening, Wilmington people have an opportunity probably never offered in any other city. A grand opera star of metropolitan magnitude at popular prices. Madame Colombati has a reputation second to none in Europe and has won laurels in this country. The Il Popolo Romano, of Rome, says:

"The fact alone of announcing Barber of Sevilla with Colombati, was enough to fill the Costanza Theatre last night.

"Mlle. Colombati is an exceptional Rosina. The role suits wonderfully her vocal and dramatic qualities. The floriture and the most difficult coloratura passages pour out from her throat spontaneous, limpid, like silvery bells, with a sweetness and an art very rarely found among young singers."

Her tour of the larger American cities with the San Carlo Co., two years ago was equally triumphant. The Duluth News Tribune says:

"Too much cannot be said in praise of the velvet-voiced Mlle. Colombati in the title role of "Carmen." She is a consummate little actress and vocally dramatic, for all the soft finished and delicate cadence of her singing. She caught the sympathy of the house at the outset and enhanced its warmth throughout the performance."

BLIND MAN HAD PURSE

He Spoke Abruptly to a Policeman and Was Arrested.

A colored blind man name Walker was arrested yesterday afternoon on Market street by Officer W. R. Smith, when the former refused to give up a purse, which had been picked up by a little colored boy, who was leading him around. Walker is alleged to have talked insultingly to the policeman. It is rather a unique coincidence that a blind man should find a purse, but when examined at the City Hall it contained only a skid-doo badge bearing the figures "23" and a few photos. It was probably thrown away, as it appeared to be worthless. Walker was carried to the City Hall in the patrol wagon and the case seemed of such a frivilous nature, Chief Williams recognized him for appearance before the Recorder Monday.

Bishop at Good Shepherd.

Attention of the public is called to the change of service today at the Church of the Good Shepherd, from 11 to 10:30 A. M. The Bishop will be the preacher and the public is cordially invited.

Diamond Dust

Jack Hoey, first baseman of last year's Wilmington team, has signed this year with the South Bend, Ind., team.

"Jakey" Atz, well remembered in Carolina baseball circles, is making good with the Chicago Americans. He is hitting well and showing up classy in the box scores.

"Champ" O'Steen, formerly shortstop on the Wilmington team of the Virginia-Carolina League, is with the St. Louis Cardinals this season and figured sensationally a week or two ago in a fight with a pitcher of his team in a game at Louisville, Ky. Sporting Life says Champ has been in the big leagues four seasons but has completed only one season in fast company.

"Jimmy" Sebring, formerly with Wilmington, now with the Brooklyn Nationals, is showing up in fine form Sporting Life says he has batted hard enough this season to warrant the statement that he will be enrolled among the good hitters of the season. Sebring has recommended a heavy swatting outfielder for the Wilmington team this season and "Jimmy" ought to know. Another Carolina player making good in fast company is Suggs in the Eastern Carolina circuit last year.

Contracts have been received from all of Wilmington's men for this season and a majority of them report that they are in condition and anxious to report. Five outfielders will be given trial. Jayes is working out on the Eastern League grounds in Buffalo, N. Y., and writes that he is in best of condition; Doak is getting in trim at his home at Conway, S. C.; Streaser is working out with Fordham College, N. Y.; Wycott is in training with a college team at Bellefonte, Pa.; Riley is working out with the Frankfort Club of Philadelphia. Fox at first, Sharpe at second and Capt. Dick Smith at third with McGeehan at short are all at practice Paschall grounds in Philadelphia, as well as Conn, the new catcher, and Barr, the big pitcher. Levy is working out at Bayonne, N. J., and writes that he is in good shape. Wysong is at Nashville with the University team, and "Red" Wilson, the local favorite, is coaching the team of Grove Academy at Kenansville. Manager Gwaltney has two more pitchers on the string, but the names are not yet announced. Catcher Bert Kite has the arrangements in hand for the opening May 20th and promises the Fort Caswell band and other interesting ceremonies.

Some of the ardent local fans have already decided to fire the opening gun in next month, when an inaugural event, so to speak, is to be a big baseball benefit for the Wilmington club and preparations are already on foot looking towards a big and glorious success, both artistically and financially. The evening of May 10th has been decided upon as the time and the character of the performance will be vaudeville, by the best amateur talent available and by a number of professionals. The performance will be high class and especially appropriate to the spirit of the affair, as many baseball novelties are to be introduced and the Academy of Music, where the benefit will be given, is to be decorated with the Wilmington baseball colors. All the players will be on hand, of course, as by May 10th, the sturdy warriors who are to defend the pennant for Wilmington will be in the city. But even ahead of the "big show" at the theatre, a big parade is being arranged and will present many attractive features, and in which all the younger baseballists of Wilmington are expected to participate. The champion High School team and the Cape Fear Academy team will be in line, bedecked with full war-paint. There will be music a-plenty and a number of surprises.

A BOLD ROBBERY.

Held Up and Shot in Own Office—The Robbers Captured.

(By Wire to the Morning Star.)

San Francisco, April 17.—James Thompson, vice president of the Thompson Bridge Company, on entering his office today with a sack containing $3,200, was confronted by two masked men, one of whom shot him through the chest, inflicting a serious wound. The men escaped with the money, but were captured.

During the shooting William Roseberg received a stray bullet, but was not seriously hurt. Mr. Thompson had just drawn the money from the Bank of California and when he entered the office he discovered his bookkeeper tied to a chair. On turning his head Thompson was confronted by the masked men who promptly fired upon him. Then grabbing up the sack, the men made a dash for a buggy nearby, which one of the robbers with the money entered while the other made his escape.

The fleeing man was pursued by policemen in an automobile and finally was captured.

AMERICAN NAVAL STORES CASE.

The Trial on its Merits to Begin its Merits Tomorrow.

(By Wire to the Morning Star.)

Savannah, Ga., April 17.—Judge Shappard in the United States Court today sustained the demurrer of the American Naval Stores Company in the so-called turpentine trust case on one count and overruled it on two others. This will result in the case being tried on its merits. The trial will begin on Monday next.

ATTEMPTED BANK HOLD-UP.

The Would-be Robber Fires on the Officer and Escapes.

(By Wire to the Morning Star.)

Seattle, Wash. April 17—A daring attempt but an unsuccessful one to hold up the American Savings Bank and Trust Company at the point of a revolver, was made by an unidentified man today. The would-be robber fired at Secretary Harry Welty and escaped.

Arthur Drew, the paying teller, dodged behind the counter when commanded to "come through with some money."

COMPETES SUCCESSFULLY WITH THE NORTH.

Some Details Concerning the Successful Operations of the Crescent Candy Company of Wilmington, N. C.

(Commercial and Financial World, April 10th.)

The business of candy making has grown to large proportions in the South during the last decade. The territory that was formerly controlled by the big concerns of the North has gradually been reduced, until today the field for Southern manufacturers comprises the entire trade South of the Ohio river and the Southwest. This successful competition is due not only to the increased facilities for covering the territory, but also and to a greater extent, to the excellent quality of the goods manufactured.

Among the houses which have made possible this claim in the confectionery world is the Crescent Candy Company, of Wilmington, which stands in the forefront both in the matter of securing their share of the trade and in the production of a high quality of goods. This concern, established four years ago, has flourished and grown to a gratifying extent, and today is a pronounced factor in the commercial life of the city.

This firm has been one of those few surprising exceptions to the general business depression of the past year, for we find that business during 1908 was better than any preceding year. Instead of supinely waiting for better times, the members of this firm, during the period of slackened activity, doubled their efforts, put more men on the road, "hustled for business" with renewed energy and got it, when many of their contemporaries were crying "hard times." Reflecting the renewed activity in all lines throughout this section, the business of this house last week showed better than any week for the past eight months.

The Crescent Candy Company are manufacturers and wholesale confectioners. The factory on Water and Chesnut streets is as complete and up-to-date as can be procured. The stock is carefully handled in order to preserve its purity and the most scrupulous care is exercised in all departments to avoid every possible source of contamination. Under the superior management which has directed the affairs of the company and under their modern system of candy-making, the use of absolutely pure ingredients and materials of the highest grade is effectually assured.

The policy of the projectors to provide only superior products in both departments has been adhered to conscientiously during their four years of commercial life. How well this policy has succeeded is indicated by the popularity of their goods and the growth of their jobbing territory. Their trademark, the Seal of Purity, is an absolute guarantee of satisfaction. The firm handles a full line in products and equipment for the confectionery store, including show cases, cakes, crackers, high grade bon-bons, chewing gum, cigars, etc. A large jobbing trade has been developed during the four years' operations, the territory extending throughout North Carolina, South Carolina and parts of Georgia. **

Two Old Adages.

There are two old adages. "Haste makes waste" and "Make haste slowly," that every one should employ when they undertake to cure a cough in a few minutes with preparations containing morphine, opium, chloroform or other narcotics. They may stop the cough and cause sleep quickly, but they also dry up the secretions and constipate, leaving ofttimes a far worse trouble. Rydale's Cough Elixir is guaranteed under the Pure Food and Drugs Law to contain no opiates nor harmful drugs of any kind or character. Think about it when you or one of the children have a cough. SPIRITS TURPENTINE

—The Snow Hill Laconic tells of the death of a centenarian in Greene county, this week, Mrs. Mary West, who was born in 1807, one hundred and two years ago.

—Stanly Enterprise: The James Knitting Mill is a new enterprise for Mount Pleasant, organized by our former townsman, A. N. James and his brother, C. F. James. The mill is to have a capacity of 125 dozen pair of hose per day. Mr. James has recently been elected secretary and treasurer of the Kindley Mills at Mount Pleasant.

—Charlotte News: The Alamance Battleground Association, recently incorporated, met in Burlington Wednesday and organized by electing Erwin A. Holt president. Mr. Holt was authorized to appoint a committee to draft by-laws. The association is considering the advisability of holding a celebration of the anniversary of the Battle of Alamance on the 16th of May, the first American blood for independence having been spilled in this battle on May 16th, 1771.

—Raleigh, April 16.—Probably for the first time in the history of the North Carolina State prison a citizen came today unaccompanied by any officer of the law and presented himself at the office with his commitment in his pocket to begin the service. His name is H. F. Griffin, and he comes from Richmond county, having been sentenced by Judge Biggs for one year for manslaughter in that he shot and killed a negro in Hamlet while, as a police officer of that town, he was trying to arrest him for larceny.

—Rockingham Anglo-Saxon: When we went to press last week, the time of the Superior court, then in session, was occupied in the hearing of a civil action brought by The Carolina Distilling Co., against the S. A. L. Railroad Co., for damages in the sum of $12,000. The distilling company claimed that the section hands employed by the railroad company carelessly permitted fire to escape from the right-of-way and burned their plant. The jury found for the plaintiff in the sum of $4,000, and the defendant appealed.

—Murphy, April 16.—Sheriff Dickey received a telegram from Ducktown, Tenn., this morning, to look out for two horse thieves, describing them. About noon one Homer Hensley was caught near the Louisville & Nashville depot here, and the other, Garland Hensley, was captured about two miles from town in the woods. Both horses were recovered and turned over to the owner, L. L. Atkins, of Copper Hill, Tenn. The Hensleys are brothers and are now in jail here awaiting Tennessee officers with the necessary extradition papers.

—Red Springs Citizen: The death of Mr. Jas. Council occurred at the home of his son in Parkton last Wednesday morning. He had been sick for a few days, but his death was very unexpected, and came suddenly while he was sitting in a chair in his room. Mr. Council was 86 years old, an elder in the Parkton Presbyterian church, a Confederate veteran, and a much loved and respected citizen of the community in which he lived. Deceased leaves three sons, John Council, of Georgia; W. J. Council, Red Springs, and Robt. Council, Parkton.

—Statesville, April 16.—It was learned here this week that relatives of Miss Bollinger, the young woman who was stabbed to death last September at a church near Newton by Lonnie W. Rader, had instituted suit against the directors of the State Hospital at Morganton, in the Superior Court of Catawba county, to recover damages for the death of Miss Bollinger, it being charged by the relatives of the young woman that her death was the result of criminal negligence on the part of the hospital directors, who released young Rader from the hospital.

—Yorkville, S. C., April 15.—Mr. W. W. Wiliams died of smallpox in the York Cotton Mill village, just outside the city limits of Yorkville, last night His death makes the eighth since the case of Kirby Pugh, the first victim, was diagnosed on March 7. So far there have been 12 cases, all traceable directly to contact with the Pugh case. There are still four patients in the mill village, and all of them are convalescent. No new cases have developed since Wednesday of last week, and it is believed by those in touch with the situation that there is little, if any, likelihood of any more developing.

—Lincoln News: Mr. Jacob Killian, of Denver, who was in Newton Tuesday, tells us that Catawba Springs township in Lincoln county gave a majority of 163 of the registered votes for the issue of $40,000 in bonds to the Denver & Lincolnton Railroad. At Denver 185 votes were cast for the bonds and none against them; at Lowerville, in the same township, 57 out of 97 registered votes were for the bonds. In Ironton township the bond issue was lost. The election will be held in Lincoln township Saturday. If the bonds fail in that township, the Denver people will probably cast their eyes over towards Mooresville.

—East Carolina News: The strawberry crop has been damaged about 30 per cent. by the recent frosts, but there will be a good crop. The growers were also planting heavily in Southern vegetables. Duplin county produces any kind of crop that the farmers may desire to cultivate for the markets or for home consumption. Every year finds new crops added to the long list that have been grown successfully before. Ex-Sheriff L. Middleton, who is one of our best farmers and truckers, is now preparing to plant a "part" of his large farm in "mushrooms." His friends have for some time believed that he was scheming these days, but on yesterday the secret leaked out. If the sheriff is as successful in growing mushrooms as he was an officer he will be several thousand better off at the close of the shipping season.

CANADA FOR MISSIONS

National Policy in Dominion For Evangestization of the World—Great Conference in Edinburgh, Scotland, in June 1910.

(By J. Campbell White, Gen. Sec't'y.)

Newever before has there been such an exhibition of interest by men in the evangelisization of the world as was witnessed at Toronto in connection with the Canadian National Missionary Congress. Fifteen hundred ministers and more than twenty-five hundred laymen were registered as commissioners. Hundreds of other ministers would have been present, but the capacity of Massey Hall made it necessary to limit the number. The lay commissioners all paid a registration fee to cover the cost of organizing and conducting the Congress. In the case of Toronto laymen, this fee was $5.00. For men from outside Toronto, it was $3.00.

The Congress lasted for five days, March 31st to April 4th, with two sessions on the opening day, and three sessions on each of the four following days. Three of these sessions were devoted to separate denominational Conventions, five of which were held. Every denomination co-operated most heartily in all of the plans for the Congress, making it truly representative and national. Commissioners were present in substantial numbers from the Atlantic to the Pacific. Over 150 men attended from Montreal, and over 100 from Winnipeg, thirty-six hours journey from Toronto.

Not before in modern history have the representative men of all the churches of a nation assembled to plan together for the extension of Christ's kingdom throughout the world. It is the beginning of the fulfilment of the Master's prayer "that they all may be one, that the world may believe." The power of combined Christianity to evangelize the world was probably the dominant note of the Congress.

The National Missionary Policy which was adopted is worthy of special detailed study. It is an attempt to voice Canada's national and international religious obligations. It contemplates an increase of offerings for missions to about three fold the amount that was contributed before the Laymen's Missionary Movement was inaugurated. In the case of foreign missions, more than a four fold aggregate is accepted as the necessary basis. Reports from all parts of the Dominion proved that such an increase is entirely practicable. Hundreds of individual churches have doubled, trebled or quadrupled their missionary offerings during the past year. The city of Toronto, which undertook to increase its offerings to missions from $142,000 to $500,000 per year, has $400,000 in sight for this year, and fully expects to reach the half million mark by next year. The Mission Boards of Canada have already received about $500,000 in excess of the amount received last year. It was reported on the floor of the Congress that the Southern Presbyterian Church has increased its offerings to Foreign Missions by $89,000 during the fiscal year closing March 31st.

The Canadian Missionary Campaign and National Congress have peculiar interest to Americans in view of a similar campaign to be conducted in the United States from October 1909 to April 1910. This campaign will also culminate in a National Missinary Congress, when representatives of all the churches in the United States may degne in specific terms the nation's missionary responsibility.

In June 1910 there will be held at Edinburgh, Scotland, the World's Missionary Conference, where the best experience of each nation will become the common property of all Christendom. The first national missionary policy has been adopted. Others must inevitably follow. The indications multiply that the Church of our generation will yet undertake to reach the last person in the world with the message of life in Jesus Churst.

The Globe, Canada's National Newspaper, published at Toronto under date of April 15th, devotes more than a column editorial reference to the Congress just concluded there, saying among other things: "The fact of 4,200 delegates coming from all parts and all Provinces of Canada, the uncommon virility and steadiness characteristic of the convention, the purpose for which it was convened, the spirit which permeated it from first to last, and the policy adopted as the declaration of its fixed objective—all these elements combined to make the gathering absolutely unique in its character and world-wide in its influence."

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh forming food and health restorer. Weigh yourself before commencing to use these little tablets, and see how your weight increases from week to week.

Samose does not contain a particle of starch or pepsin, nor is it any nauseating preparation, such as is usually recommended to make people fat, and which does not build up good healthy tissues. Samose has valuable flesh forming properties, tones up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner, and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose, J. Hicks Bunting Drug Co., will return your money without any quibbling.

Diamond Dust

We predict, says the Wilson Times, that "Bud" Lane will be Wilson's star twirler this season. He has showed up fine so far and is improving with every game. The Wilson club will commence reporting about the first of May, and at once get into condition to get the rag.

Says the Rocky Mount Record: "One of the sets of baseball uniforms arrived today and were turned over to the league management this morning and are on display at Abrams book store in the Planters bank building. The set of suits that are here are navy blue, trimmed in orange and they make up an attractive uniform."

The officials of the Fayetteville baseball club are offering a book of street car ticket for the most appropriate name for their team in the Eastern Carolina League. Names are to be forarwded to the Fayetteville Observer for ten days beginning April 16th and the suggestions will be handed over to the officials for a selection. How would "Highlanders" suit?

Dave Seifert, a Wilmington boy, is one of the most popular members of the A. & M. College team this season and Thursday's Raleigh Times prints a picture of him in characteristic pose on the ball field with the following comment: "Dutchy Seifert was seen behind the bat yesterday, and of course, he was there with the bells on. He has made good at every other place, why not give him a chance on the slab just for the fun of the thing. In a fanning bee last evening, an ardent supporter of the A. & M. team said that Seifert had beaten so many of the regulars out of their positions that the coach was at a loss where to put him regularly. Dutch is too valuably as a utility man to put him at a regular station."

Wilson Times: "It still seems uncertain whether Anderson will report this season. We understand that he and the management have not yet come to terms. As Andy belongs to Wilson we guess he will finally decide to come, unless he buys his release. However we have six other slab artists signed and we should get a good pitching staff out of that number. It appears that the Fayetteville club will be largely composed of Pennsylvania players. In fact most of the league club will be made up mainly from Northern States. Wilson however will play Southern men, in fact most of the members of the club are natives of the Old North State. The Wilson club has eighteen players signed, so it looks like that after the weeding out we should have a winning bunch. It is quite probable that all the members of last year's club that report will be retained. The question is who will fill the vacancies.

CUTTERS'S LONG CRUISE

Capt. J. H. Quinan to Command Tahoma on Globe Encircling Trip.

Baltimore, Md., April 14.—For the second time within its history of a century, a representative of the United States revenue cutter service is to display the flag of that arm of the floating fighting forces on a world encircling trip. The cutter Tahoma, Captain J. H. Quinan, commanding, recently completed for Puget Sound duty, is to perform the cruise.

The Tahoma will sail today direct for St. Michaels, Azores Islands, and then to Gibraltar. Malta, Great Britain's second naval base in the Mediterranean, will be the next call and then in order, Port Said, through the Suez Canal, and Aden. From the latter through the Red Sea the ship will head for Colombo, in Ceylon, thence to Singapore. Manila will be the next port of call, then Yokohoma. The Tahoma will visit Unalaska, again greeted by the stars and stripes floating over the port. Port Townsend, the end of the trip, will wind up 18,000 miles of travel, representing about four months of seafaring.

The Tahoma carries a battery of four semi-automatic six-pounders, is fitted with wireless telegraph and Ardois system of night signaling by electricity. Her motive power consists of triple expansion engine of 1,100 horse-power.

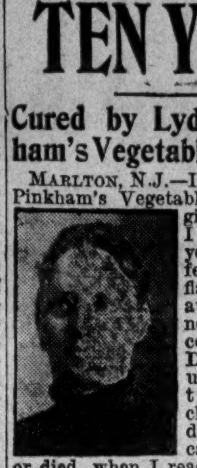
AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound



MARLTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering."—Mrs. GEORGE JORDY, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

HONOR STUDENT SOLDIERS.

Daughters of Confederacy to Erect Memorial at University.

The Daughters of the Confederacy, North Carolina division, will build a handsome memorial to those gallant Confederates—the University boys of 1861-'65—many of them mere boys, who laid aside their books to join the Southern army.

The committee in charge is as follows: Mrs. Jas. Kenan, chairman, Wallace; Mrs. B. F. Long, Statesville; Mrs. H. E. Faison, Clinton; Mrs. H. A. London, Pittsboro; Mrs. C. W. Tillett, Charlotte; Mrs. Josephus Daniels, Raleigh; Mrs. Jas. C. McRae, Chapel Hill; Mrs. Cuthbert Martin, Wilmington; Miss Margaret Pierce, Warsaw; Mrs. Chas. Jacobs, Windsor; Mrs. B. W. Tyree, Durham, and Mrs. E. J. Hale, Fayetteville.

In looking over the pages of history of the great war between the North and the South, it will be seen that the old alma mater of the State University furnished over 1,000 soldiers for this cause.

At this critical period, these fair young men were so full of valor and courage, that hardly a man was left behind, and the old walls that had sheltered and trained them, had echoed and re-echoed with merry jest of boys, now stood silent and deserted, for the boys had shouldered their muskets and gone.

Statistics show that over 400 of these men were killed in battle, while others suffered and died in Northern prisons, from cold and hunger; others were faithful in the ranks until the cause was lost. These men, many of them, so young, came from every county in our State, and from every Southern State. They were good men, great men, brave men, men our State can well afford to honor.

—Greensboro Telegram: The commencement at the State Normal and Industrial College will be held on May 23, 24, 25, 26. The speakers for the occasion are famous in their respective walks of life and are orators of great power. The baccaulaureate sermon will be delivered on Sunday morning, May 23, while the annual commencement address will be on Tuesday morning, May 25. Reverend Wilbert W. White, who will preach the sermon to the graduating class, is one of the most noted Bible teachers in this country. He is, also, an attractive speaker and a religious worker of wide experience.

THE BARRIER

BY REX BEACH

COPYRIGHT, 1908, BY HARPER & BROTHERS

(Continued From Last Sunday.)

SYNOPSIS.

CHAPTER I—John Gale is a trader at Flambeau, a rough outpost of civilization in Alaska. His daughter Necia is a beautiful young girl, generally believed to be a half breed, daughter of Gale and the Indian squaw Alluna, with whom he lives. Some hidden burden weighs continually on the trader's mind, and he views with apprehension the arrival of a squad of soldiers at Flambeau. "That means the law," he says uneasily to Necia, who has become acquainted with and admired by Lieutenant Burrell, commander of the soldiers. II—It becomes known that Napoleon Roret, an honest, faithful French Canadian employed by Gale, is deeply in love with Necia. One Runnion, a dissolute gambler and "bad man," arrives at Flambeau by steamer and in a fight with Burrell is worsted and forced to leave the town. On the departing steamer's deck he menacingly says, "I will return to take a hand in the game." III—Doret gives Necia a handsome silk gown brought by him from Dawson City for her. Arrayed in this, she meets Lieutenant Burrell, who falls madly in love with her, and he wonders if her blood is really tainted.

"Of course not—outside of certain notorious criminals who have escaped justice and worked north."

"Then there are a few that you want, eh?"

"Yes, certain old timers. The officers at every post have descriptions of a few such, and if they show up we will take them in and hold them till courts are established."

"If you've got their names and descriptions mebbe I could help you," said the trader carelessly.

"Thank you. I'll bring up the list, and we'll go over it together. You must have been here a good while."

"About ten years."

"Then Miss Necia was born out in the States?"

Gale shot a startled glance at the soldier before he answered in the affirmative, but Burrell was studying a pattern of sunlight on the floor and did not observe him. A moment later he inquired hesitatingly:

"Is this your first marriage, Mr. Gale?" When the other did not answer he looked up and quickly added:

"I beg your pardon, sir. What led me to ask was Miss Necia. She is so—well, she is such a remarkable girl."

Gale's face had undergone a change, but he answered quietly:

"I ain't never been married."

"What?"

"When I took Alluna it wasn't the style, and neither one of us has thought much about it since."

"Oh, I see," exclaimed Burrell hurriedly. "I'll bring that list with me the first time I think about it." And, nodding amiably, he sauntered out. But his mind was in a whirl, and even after he had reached his quarters he found himself repeating:

"The other was bad enough. Poor little girl! Poor little girl!"

Gale likewise left the store and went into his house, the odd look still strong in his eyes, to find Necia posing in her new regalia for Poleon's benefit. At sight of her he fell into a strange and unexpected humor and to their amazement commanded her roughly to take the things off. His voice and manner were harsh and at utter variance with any mood he had ever displayed before.

CHAPTER IV.

THE SOLDIER FINDS AN UNTRODDEN VALLEY.

MEADE BURRELL had experienced a profound sense of pity for Necia upon learning her father's relation to Alluna, but this also largely vanished when he found that the girl was entirely oblivious to its significance. He had tried her in many subtle ways and found that she regarded the matter innocently, as customary, and therefore in the light of an accepted convention, nor did she seem to see anything in her blood or station to render her inferior to other women. She questioned him tirelessly about his sister, and he was glad of this, for it placed no constraint between them.

As for her, each day brought a keener delight. She unfolded before the Kentuckian like some beautiful woodland flower and through innumerable, unnoticed familiarities took him into her innermost confidence.

A month of this went by, and then Runnion returned. He came on an upgoing steamer. The manner of his coming was bold, for he stood fairly upon the ship's deck, and his smile was evil now, as it had been before. With him was a stranger. When the boat was at rest Runnion sauntered down the gangplank and up to the lieutenant, who stood above the landing place and who noted that the scar, close up against his hatband, was scarce healed. He accosted the officer with an insolent assurance.

"Well, I'm back again, you see, and I'm back to stay."

"Very well, Runnion. Did you bring an outfit with you?"

"Yes, and I'm pretty fat besides." He shook a well laden gold sack at the officer.

"What do you want in this place anyhow?" demanded Burrell curiously.

"None of your d——d business," the man answered, grinning.

"Be sure it isn't," retorted the lieutenant, "because it would please me right down to the ground if it were. I'd like to get you."

"I'm glad we understand each other," Runnion said, falling into conversation with the stranger, who had been surveying the town without leaving the boat. Evidently this man had a voice in Runnion's affairs, for he not only gave him instructions, but bossed the crew who handled his merchandise, and Meade Burrell concluded that he must be some incoming tenderfoot who had grub staked the desperado to prospect in the hills back of Flambeau. As the two came up past him he saw that he was mistaken. This man was no more of a tenderfoot than Runnion. On the contrary, he had a bearing of one to whom new countries are old, who had trod the edge of things all his life. There was a hint of the meat eating animal about him. His nose was keen and hawklike, his walk and movements those of the predatory beast, and as he passed by Burrell observed that his eyes were of a peculiar cruelty that went well with his thin lips. He was older by far than Runnion; but, while the latter was mean visaged and swaggering, the stranger's manner was noticeable for its repression.

Impelled by an irresistible desire to learn something about the man, the lieutenant loitered after Runnion and his companion and entered the store in time to see the latter greet "No Creek" Lee, the prospector, who had come into town for more food. Both men spoke with quiet restraint.

"Nine years since I saw you, Stark," said the miner. "Where you bound?"

"The diggings," replied Stark as Lee addressed the stranger.

"Mining now?"

"No; same old thing, but I'm grub staking a few men, as usual. One of them stays here. I may open a house in Dawson if the camp is as good as they say it is."

"This here's a good place for you."

Stark laughed noiselessly and without mirth. "Fine! There must be a hundred people living here."

"Never mind; you take it from me," said the miner positively, "and get in now on the quiet. There's something doing." His one sharp eye detected the lieutenant close by, so he drew his friend aside and began talking to him earnestly and with such evident effect as to alter Stark's plans on the moment, for when Runnion entered the store shortly Stark spoke to him quickly, following which they both hurried back to the steamer and saw to the unloading of much additional freight and baggage. From the volume and variety of this merchandise it was evident that Mr. Stark would in nowise be a burden to the community.

Burrell was not sufficiently versed in the ways of mining camps to know exactly what this abrupt change of policy meant, but that there was something in the air he knew from the mysterious manner of "No Creek" Lee and from the suppressed excitement of Doret and the trader. His curiosity got the better of him finally, and he fell into talk with Lee, inquiring about the stranger by way of an opening.

"That's Ben Stark. I knew him back in the Cassiar country," said Lee.

"Is he a mining man?"

"Well, summat. He's made and lost a bank roll that a greyhound couldn't leap over in the minin' business, but it ain't his reg'lar graft. He run one of the biggest places in the northwest for years."

"Saloon, eh?"

"Saloon and variety house—seven bartenders, that's all. He's the feller that killed the gold commissioner. Of course that put him on the hike again."

"How do you mean?"

"Well, he had a record as long as a sick man's drug bill before he went into that country, and when he put the commissioner away them Canadian officials went after him like they was killin' snakes, and it cost him all he had made to get clear. If it had happened across the line the coroner's jury would have freed him, 'cause the commissioner was drunk and started the row. But it happened right in Stark's saloon, and you know Canucks is stronger than vitriol for law and order. Not bein' his first offense, it went hard with him."

"He looks like a killer," said Burrell.

"Yes, but he ain't the common kind. He always lets the other man begin, and therefore he ain't ever done time."

"Come, now," argued the lieutenant, "if it were the other man who invariably shot first, Stark would have been killed long ago."

"I don't care what would have happened, it ain't happened, and he's got notches on his gun till it looks like a cub bear had chawed it. If you was a western man you'd know what they say about him. 'The bullet ain't been run to kill him.' That's the sayin'. You needn't grin. There's many a better man than you believes it."

"Who is it that the bullet hasn't been run to kill?" said the trader's deep voice behind them. He had finished with his duties and now sauntered forward.

"Ben Stark," said Lee, turning. "You know him, John?"

"No; I never saw him, but I know who he is; used to hear of him in the Coeur d'Alenes."

"That's him I was talking to," said the miner. "He's an old friend of mine, and he's going to locate here."

Burrell thought he saw Lee wink at the trader, but he was not sure, for at that moment the man of whom they were speaking re-entered. Lee introduced him, and the three men shook hands. While the soldier fell into easy conversation with the newcomer, Gale gazed at him narrowly, studying him as he studied all men who came as strangers. As he was doing so Alluna entered, followed by Johnny and Molly. She had come for sugar and asked for it in her native tongue. Upon her exit Stark broke off talking to the lieutenant and turned to the trader.

"Your squaw, Mr. Gale?"

The old man nodded.

"Pah-Ute, eh?"

"Yes. Why, do you savvy the talk?"

"Some. I lived in California once."

"Where?" The question came like a shot.

"Oh, here and there! I followed the mother lode for a spell."

"I don't recall the name," said the trader after a bit.

"Possibly. Where were you located?"

"I never lit on any one place long enough to call it home."

It seemed to Burrell that both men were sparring cautiously in an indirect, impersonal manner.

"Those your kids, too, eh?" Stark continued.

"Yes, and I got another one besides—older, a girl."

"She's a 'pip,' too," said "No Creek" Lee fervently. "She's plumb beautiful."

"All of them half breeds?" questioned Stark.

"Sure." The trader's answer was short, and when the other showed no intention of pressing the subject further he sauntered away, but no sooner was he out of hearing than Stark said: "Humph! They're all alike."

"Who?"

"Squaw men."

"This one ain't," Lee declared. "He's different. Ain't he, lieutenant?"

"He certainly is," agreed Burrell. This was the first criticism he had heard of Necia's father, and, although Stark volunteered no argument, it was plain that his opinion remained unaffected.

The old man went through the store at the rear and straightway sought Alluna. Speaking to her with unwonted severity in the Pah-Ute language, he said:

"I have told you never to use your native tongue before strangers. That man in the store understands."

"I only asked for sugar to cook the berries with," she replied.

"True, but another time you might say more; therefore the less you speak it the better. He is the kind who sees much and talks little. Address me in Siwash or in English unless we are alone."

Suddenly she dropped her work and came close up to him. "Can he be the one?"

"I don't know. Stark is not the name, but he might have changed it. He had reasons enough."

"Who is this man Stark?"

"I don't know that either. I used to hear of him when I was in British Columbia."

"But surely you must know if he is the same. She must have told you how he looked. Others must have told you"—

Gale shook his head. "Very little. I could not ask her, and others knew him so well they never doubted that I had seen him, but this much I do know, he was dark"—

"This man is dark."

—"and his spirit was like that of a mad horse"—

"This man's temper is black."

—"and his eyes were cruel."

"This man has evil eyes."

"He lacked five years of my age," said the trader.

"This man is forty years old. It must be he," said the squaw.

Even Necia would have marveled had she heard this revelation of her

"The most wonderful thing has happened," she began.

father's age, for his hair and brows were grizzled, and his face had the look of a man of sixty, while only those who knew him well, like Doret, were aware of his great strength and the endurance that belied his appearance.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, April 17.—The cotton market had an excited and firm opening this morning with prices 14 to 19 points net higher, while May and July selling at 10.45 and 10.46 respectively made new high records for the season. Business was very active with recent sellers covering and fresh buyers entered the market on the firm cables, bullish week-end figures, the absence of further rains of any consequence in Texas and talk of a stronger trade situation. Realizing for over the week end was extremely heavy at the advance and prices reacted to within 9 or 10 points of last night's finals during the early session, but the market showed no sign of weakness and subsequent fluctuations showed more nervousness and irregularity than any change in the average of general sentiment. The market closed steady with prices net 12 to 15 points higher.

Receipts at the ports today were 15,413 bales, against 14,931 last week and 9,782 last year; for the week 115,000 bales, against 118,960 last week and 58,757 last year. Today's receipts at New Orleans were 1,788 bales, against 2,287 last year, and at Houston 4,347 bales against 1,066 last year.

Spot cotton closed quiet, 15 points higher; middling uplands 10.75; middling gulf 11.00; sales none. Futures opened firm and closed steady.

THE DRY GOCDS MARKET.

(By Wire to the Morning Star.)

New York, April 17.—The cotton goods market closed strong and rather more active in the primary division. Cotton yarns are higher. Fine and fancy cottons are being ordered for next spring quite freely. Denims have been advanced and gray goods are also higher. Linens are active in dress lines. Burlaps are quiet.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, April 17.—The stock market today gave further evidence of some unsettlement of speculative sentiment. The sharp reaction of the day before and the argument of the unfavorable bearing of the wheat market situation on stocks had the effect of bringing in selling orders. Part of these were executed in the London market before the opening here, and prices in New York, opening at the London parity or below, represented considerable declines from the level at which the market left off last night. The manner in which the market absorbed the stock offered and the appearance of support for prices had an intimidating effect on the bears and inspired some covering of shorts on their part. The bears took to flight in the late dealings and caused the buoyant rally which ended the day. The pronounced strength in the coalers was the influence which prompted the vigorous rally and the strong closing at general net gains. The quietness of the wheat market helped to reassure speculative sentiment.

Bonds were irregular. Total sales, par value, were $2,620,000. United States 2's coupon and the 3's have advanced 1-4 per cent. on call during the week. Total sales of stocks today were 453,300 shares.

THE SITUATION STILL SERIOUS

Mutiny Among The Soldiers of The Turkish Army Continues.

POWER OF THE YOUNG TURK

Shown in Influence Over Soldiers. Troops Assembling—Efforts to Keep Them From Assembling in Capital.

(By Wire to the Morning Star.)

Constantinople, April 17.—The Committee of Union and Progress has given convincing proof of its power and influence over the third army corps. Two military trains, each containing 8,000 infantry, arrived this morning at Tohatalje, about 67 miles from the capital, and four other trains are expected to reach that point within the next 24 hours. Preparations also are being made at Salonoki for the despatch of a number of additional trains for Constantinople.

After remaining a short time at Tohatalje the two trains continued on to Spartakuleh, which is inside the line of fortifications at Hademkoi, 40 miles from the capital, which were abondoned during the night by the artillery of the garrison. The Salonoki troops evidently are colecting at Sparakuleh where they should number no less than 7,000 tomorrow.

Within a day or two the committee will have between 15,000 and 20,000 men within striking distance of Constantinople where the mutinous garrison, having practically discarded its officers and all discipline, certainly will not be able to offer resistance, if, inded any attempt at resistance is made. It is believed that the Solonoki battalions on their arrival here will demand the fulfillment of several conditions which the Sultan and the new Government will find it impossible to reject. The advance of the soldiers has greatly impressed the public and it is expected that some quick changes will be made among the Government officials. A special mission composed of two Pashas, three Ulemas and three Deputies, has been sent to Tohatalje to persude the troops that the constitution is being maintained and to explain also the real meaning of the rising on Tuesday last.

It is rumored that the commission has not been successful in impressing the leaders of the Young Turk, who also rejected the explanation of flight, as accounting for the absence from the deputation of the deputies from Salonoki and Monastir.

Another deputation, composed of 25 members, is leaving tonight to convey to the troops the assurance of the Chamber that there has been no infringement of the constitution, which still rules. The situation undoubtedly is grave. Owing to the tension of the public mind, the slightest incident may provoke a conflagration, while the news from the provinces possibly may arouse race prejudices, which up to the present have been dormant in this city.

The artillery at Hademkoi mutinied during the night. Seizing some of their officers and compelling others to don the uniforms of privates, they entrained for Constantinople to the number of 1,200 in order to assure themselves that the constitution was being maintained and that the Sultan was alive. They were met at the depot by a Salonoki Chasseur, who is believed to have been an officer in disguise. They marched to the War Office where they were entertained with tea and refreshments, afterwards proceeding to Parliament. Here they listened to reassuring speeches by the acting President of the Chamber and several prominent Deputies.

EASTERN DISTRICT JUDGESHIP

Republican Delegation Ask Taft Not to Appoint a Democrat.

(By Wire to the Morning Star.)

Washington, April 17.—Hearing that there might be the possibility of an appointment of a Democrat to the vacant Federal Judgeship in the Eastern District of North Carolina unless some agreement could be reached among the Republicans, Representatives Morehead and Grant, Republican members of the House from North Carolina, accompanied by several North Carolina politicians, called at the White House today and asked President Taft to appoint a Republican even if he had to go to the Western District of the State to find the one he might desire.

KAUFMAN TO FIGHT JOHNSON.

Former Puts Up Forfeit For a Fight Before One With Ketchel.

(By Wire to the Morning Star.)

New York, April 17.—A verbal agreement for a match betwen Jack Johnson, heavy weight champion and Al Kaufman, was entered into here today between Johnson and Billy Delaney, representing Kaufman. The fight is to take place when Johnson returns from England and before the Johnson-Ketchel fight. No articles were signed and Johnson posted no money. Delaney deposited $5,000 to cover any forfeit money that might be put up by Johnson.

PATTON'S WHEAT DEAL

Said to Have Netted Him $5,000,000. He Leaves the Market to Its Fate—Awaiting Settlement Day on Contracts.

(By Wire to the Morning Star.)

Chicago, April 17.—After a memorable speculative week the tickers' "Good night" was received at noon today with a deep sigh of relief from board of trade men, not to mention an army of laymen drawn into the vortex of the wheat pit by the publicity given James A. Patten, the bull leader and his following. Today Mr. Patten personally left the market to its fate, which fate from the view of the Patten crowd, improved considerably, as prices advanced over a cent in May and July options.

Mr. Patten paid his respects to Secretary of Agriculture Wilson, declaring the latter's estimate of available supplies is a joke and lectured reporters who he alleges have been more entertaining than accurate in their stories.

As to talk of removing the tariff on wheat as a slap at manipulators, Mr. Patten was for it. "I am in favor of removing it right now because we will have to do it inside of ten years at any rate," he said. "It would not affect the price of wheat a penny, for the markets of the world are on a parity right now."

July, which went to 1.14 3-8 under tremendous pressure on Thursday, closed today within a shade of the best price of the week, at 1.18 3-8. Whether this price is too high or too low cannot, of course, be known until the time for delivery on contracts. Both Secretary Wilson and Mr. Patten have remarked that "time will tell," and "time" in the present instance means two months and a half from the present. That the fight between opposing interests will be one of the most exciting in the history of the board of trade, no one doubts. In the aggregate it will be waged between those who believe in the accuracy of the Government reports and those who pin their faith to the Patten view.

"The Patten pool" has cleaned up between $4,000,000 and $5,000,000 on May wheat, says the Tribune today. "Of this amount Jim Patten has pocketed full two-thirds. Market experts estimate that the broker and his coteries have sold to the public 20,000,000 bushels of May wheat at an average profit of 20 cents, giving them a profit of $4,000,000, and, besides this, he has made a substantial profit on July wheat, to say nothing of the September and December options which he has scalped in the market for a profit of from 2 to 5 cents, making his total winnings not much under $5,000,000."

COAL FREIGHT RATES REDUCED.

Inter-State Commerce Commission Decision Favoring Winston.

(By Wire to the Morning Star.)

Washington, April 17.—Unreasonable rates on bituminous coal shipped to Winston-Salem, N. C., were corrected by the Inter-State Commerce Commission in a decision rendered today by Chairman Knapp, in the case of the Board of Trade of Winston-Salem against the Norfolk & Western Railroad Company.

The commission held that the circumstances and conditions of transportation are different at main line points from Lynchburg to Norfolk than at Winston-Salem and Durham on branch lines to the South from the main line and that the defendant may make higher charges to the latter points.

It was also decided that under the circumstances shown the rate charged Winston-Salem on soft coal in carloads is unreasonable to the extent that it exceeds $2.10 per ton and that the charge to Durham is unreasonable to the extent that it exceeds $2.20 per ton. The present rate to said points are $2.30 per ton. Reparation is denied.

Swept Over Niagara.

This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current—Nature's warnings are kind. That dull pain or ache in the back warns you the Kidneys need attention if you would escape fatal maladies—Dropsy, Diabetes or Bright's disease. Take Electric Bitters at once and see Backache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one $1.00 bottle wholly cured me,' writes J. R. Blankenship, of Belk, Tenn. Only 50c at R. R. Bellamy's.

TAFT AND HIS CABINET

Guests of Famous Gridiron Club at Special Dinner Given Complimentary to the New Administration—Humor.

(By Wire to the Morning Star.)

Washington, Apr. 17.—The broiler of the Gridiron Club, that famous organization of newspaper men, was kept busy tonight serving up wit and humor at a special dinner complimentary to the new Administration, given in the banquet hall of the New Willard. Care was taken that men prominent in the public eye got all that was coming to them in the way of thrusts and jibes, that kept the great assemblage in a constant state of uproar. And then, too, there were some skits by an aggregation of scientillating stars that would have put to blush many who count themselves in the class of professional.

Of course President Taft was there, as were Speaker Cannon, members of the Cabinet and the Diplomatic Corps, Senators and Representatives, men high in the industrial and financial world, and plenty of others of distinction. In the absence of President Henry Hall, who is just recovering from a long illness Vice President Scott C. Bone, of the Washington Herald, presided over the evening's doings.

The onslaught on the banquet room began when the club's old-fashioned dinner bell announced that everything was ready. As soon as the dinners were seated the room was thrown into darkness while a musical welcome was extended to the distinguished guests. When the mammoth electric gridiron flashed into view, the lights were turned on throughout the room and the fun commenced. Almost the first thing to greet the guests was a handbill distributed by some speedy messenger boys announcing that there would be a great minstrel show by all star performers, including "vocalists, comedians and Cabinet officers." This undoubtedly was the hit of the evening. In true minstrel fashion, with all the accompaniments of dusters and a more or less discordant band, this troupe of club talent paraded through the hall before going to the "stage." The programme of the show was a clever imitation of the real thing, even to the naming of the executive staff, together with a special "note by the management," which called attention to what was to come, with the injunction that there should be no flowers.

"Eating through Georgia" was the opening and it ran like this:

"Sound the good old dinner horn, we'll
sing another song.
"About the trip that Taft once made
when, with digestion strong,
He ate his share of everything that
they would bring along
As we went eating through Georgia.

We tackled the Opossum that they
took such care to bake;
We ate canned watermelon and a dish
they called hoe-cake,
We didn't even draw the line at alligator steak,
As we went eating through Georgia.

"By Southern hospitality our hearts
were surely won,
And we resolved to do the very best
that could be done.
For Democrats; and so we saved some
pie for Dickinson,
As we went eating through Georgia."

An the corous! Well it would grate on the nerve of a hungry man if he heard these words:

"Hurrah, hurrah, we sound the
jubilee;
Hurrah, hurah, 'twas something fine
to see,
We put away three meals a day,
And some times three time three,
As we went eating through Geargia.'

Then there ensued some lively.

With all the formality of an executive session of the Senate the nominations of Thomas C. Moyes, of the Washington Star and Oscar K. Davis, of the New York Times for membership in the club were received and confirmed, but not until the two scated candidates had been subjected to a rigid cross examination as to their opinions of those present and matters in general.

President Taft enjoyed to the limit the darts directed at himself and his Cabinet members. Indeed, there were few if any who did not get placed on the gridiron.

The speakers were President Taft, Secretary Dickinson, Speaker Cannon, Senators Taylor, of Tennessee, and Chamberlain, of Oregon, and Governor Marshal, of Indiana.

The banquet hall was a veritable flower garden in which apple blossoms and American beauty roses predominated, while the dinner itself was a marvel of culinary in art.

FOOTBALL GAME RIOT.

Glasgow Mob Plays Havoc—A Number of Persons Injured.

(By Wire to the Morning Star.)

Glasgow, April 17.—The final soccer football game for the Scottish cup ended in a riot today. Sixty thousand spectators charged upon the playing field and tore up the goal posts and set fire to the entrance gate fence and ticket booths. More than 40 persons were injured and taken to hospitals. When the firemen attempted to extinguish the blaze the crowd cut the hose and stoned the firemen, rendering their efforts useless. Mounted police then charged the rioters and in the face of a hail of rocks, bottles and other missiles, succeeded in keeping them from the grandstand and the pavilion in which the players had taken refuge. The structures alone were saved from the flames. The trouble arose when the teams refused to paly extra time to settle a tie.

THE MISSOURI RATE CASE.

The Federal Court Reserves Exclusive Jurisdiction Over the Question.

(By Wire to the Morning Star.)

Kansas City, Mo., April 17.—Judge McPherson, in the United States District Court here today, in an amended decree, reserved exclusive jurisdiction in Missouri's rate cases and in effect instructed the State courts to keep out of the case.

The decree will dissolve the injunction against the railroads now pending in the State courts and started by the State officials to enjoin the 18 railroads operating in Missouri from putting the 3-cent passenger rate into effect.

"Today's decree," said Frank Hogerman, representing the Missouri Railways, "means that the Federal court retains absolute control of the rate situation in Missouri. It will prevent any future interference on the part of the State courts."
